TOUR HIGHLIGHTS

29 Sept - Home to Alice Springs

Meet the crew in Alice Springs, tour this unique town and make friends with some of the 'locals' at the Reptile Centre, before you head to the campground for your first night in the outback!

30 Sept - Alice Springs

Explore the popular West MacDonnell Ranges National Park, including a guided walk through the gorge, a visit to an Aboriginal sacred site and a refreshing swim in natural water holes - careful not to disturb the crocodiles!

1 Oct - Alice Springs to Kings Canyon

On your way to Kings Canyon, stop to see the incredible salt plains at Curtin Springs and Mt Connor - Uluru's twin brother - and explore this awe-inspiring area.

2 Oct - Kings Canyon to Uluru

Visit the spectacular Kings Canyon and walk down to find its hidden treasures, such as the 'Lost City' and the 'Garden of Eden'. Today will be rich of emotions as you will also get to experience sunset in front of Uluru - enjoying a snack while you watch the sun going down and the colours of the rock change.

3 Oct - Uluru

Soak up the beauty of Uluru and Kata Tjuta (a rock formation less known than Uluru, but just as stunning!) with a visit to the interesting Cultural Centre and an unforgettable walk among the rocks and vegetation. Your guide will share stories about the 'dreamtime', the sacred ceremonies, the myths and history of local Aboriginal tribes. Simply magical!

4 Oct - Uluru to home

Time to say farewell to your guides and travel companions and fly home with wonderful memories of your time in Central Australia.
